Are you a manufacturer of photo albums or a photography studio?

We are pleased to introduce our product line **DNPHOTO** reserved for the photographic industry, composed of ideal material for the creation of photo albums.

Our company sells a wide range of double-sided adhesive cardboards of various thickness and in various sizes.

In particular, we propose here follows the following materials:

- ⇒ **DN4/BD** - Double-sided cardboard 300gr. with permanent cold adhesive;
- ⇒ **DN4/BD RV** - Double-sided cardboard 300gr. removable cold adhesive.

The materials described above are available in sheets, size 720x1000 mm and/or cut to size and packaged in packs of 100/200 sheets

We remain available for any information, please ask us to send the samples and demo.
