PARKINGGRAF

the undestructible

TRANSPARENT !

STOP to plastic holder disbursed and sagging

Full Version

F.to 95 x 177 mm.

Separate Version

F.to 95 x 62 mm.

F.to 95 x 115 mm.

PARKINGGRAF

It's made with a transparent film partially rigid adhesive and treated with paints and materials resistant to the sun.

A handy parking holder with the yellow arrow rotating rigid plastic completes the whole, without alteration for the whole duration of the car.

Parkinggraf with pocket blue, white, or transparent customized on 1 or 2 colors.

Available as full version or divided into two parts (parking holder + plastic holder separate).
